Dear Imam Patel:

I am writing to commend Mercy Foundation for their important work in Osceola County, Florida, and the Marydia Community in particular. We appreciate the operations you are running at the Marydia Community Center in partnership with the Osceola County Commission, Kissimmee City Council, and Osceola School Board.

The services you are providing, including a free health care clinic, education seminars, tax clinics, homelessness services, among other programs, are improving lives in our community. I personally witnessed the joy you all brought with your family barbeque and games, and the important public awareness you brought with your domestic violence prevention seminar. Your first education fair to encourage college enrollment was also a tremendous success for our local students.

I was honored to attend the free clinic grand opening in Osceola. The three clinics you established in Orange, Osceola, and Polk Counties are absolutely critical to a healthy community since our area still has too many residents without proper access to healthcare.

We look forward to continuing our good work together in the future. If my office can ever be of assistance, please do not hesitate to contact us. Thank you again for your tremendous contributions to our community!

Sincerely,

Darren Soto  
Member of Congress
