RE: Letter of Support – The Mercy Foundation

To Whom It May Concern

As Commissioner of District 4 and Chairwoman for the Osceola Board of County Commissioners, I am pleased to offer support to the Mercy Foundation. Within the last year the Mercy Foundation has proudly promoted and empowered residents through advocacy, education, and support. They have broadened their scope and collaborated with Osceola County and the City of Kissimmee to help underserved areas of the community. Their foundation offers vital services to residents throughout Osceola County. One of their greatest initiatives was establishing a free health clinic based in the Marydia Community aiding uninsured and underinsured residents. The Mercy Foundation has also assisted the homeless with donating clothing for winter months, provided women's empowerment for those suffering from domestic violence, they have offered mentoring programs for students that aspire to be first generation college attendees, and they have created immigration seminars and tax clinics for those residents to gain knowledge on important matters free of charge. I take pride in the Mercy Foundation being a part of Osceola County and their daily efforts in assisting our residents.

Please feel free to contact me via email or by phone at (407) 742 – 2000 with any questions.

Sincerely,

Cheryl L. Grieb
Chairwoman
Osceola County Board of County Commissioners
